### International Yoga Day

On Saturday 15th June 2024, we celebrated international yoga day in Papakura as well as on zoom. The 1 hour session was divided into two parts of hatha yoga and Raj Yoga meditation.

Sister Deepshika took 30 minutes of hatha yoga and Brother Bose took 30 minutes of Raj Yoga session. We were very fortunate to learn some wonderful hatha yoga postures and learn some useful meditation tips. Our session finished off with some spiritual drills conducted by Brother Bose for the fitness of the soul and with some light refreshments.
