Om Shanti.

I sat here to offer Bhog to Baba, and I went to Baba ... to meet Baba. And when in front of Baba, Baba was giving very loveful drishti. Baba, with love, was pulling everyone.

Baba looked at me and said: Do you come on our own, or does Baba invoke you? You can make effort, but it takes Baba just a second to pull you. Do each one of you consider yourself to be an instrument of Baba? One is to be pulled by Baba, but also Baba will always get something done through you as an instrument. Baba will use you as an instrument. He will not just invoke you in the Subtle Region, but through your presence Baba will do some service.

Then Baba asked: **What is easier – to receive or to give?** As much you receive, that much you will be able to give. Have you received all of Baba's Treasures? Have you taken all the treasures? Do you have enough? Look at the treasure of knowledge – do you have all treasures? Love? Peace? All the powers and virtues? Now is the time to take from Baba, to receive from Baba. And the easiest way to receive, and then to save, is by using those treasures. As much you use knowledge, that much you will become knowledgeable. As much love you share with others that much you will become the master of love. One is receiving. The other is becoming the embodiment of ... the master of.

In a lokik way, when you use a treasure it reduces. But here, the more you give, the more it increases. The more it become your own. Baba wants all His Treasures to belong to you. Check and see: do all the powers belong to me? Do all the virtues belong to me? Maybe you have them but check – to what percentage? Is it full?

So Baba was having lovely chit chat with us.

I shared with Baba that we are all making efforts. And Baba said: Yes, but just make efforts a little better. Time is such. There will be many extreme situations. So you children have to become the owner/master of all of Baba's Treasures.

It was very lovely for all of us to be there with Baba and have chit-chat.

Om shanti.
