

Bhog Sandesh | July 31, 2025 | via Mohini Didi

Om Shanti.

In Baba's Remembrance, I went to offer Bhog to Baba on this day of Satguru. Baba gave very, very love-full, powerful drishti to all of us. And, then Baba looked at me – and I shared drishti. Baba said: Always remember, that Almighty Baba is with you. Each one of you should remember that not only Almighty Baba is with you, but all the powers that you have been receiving from Baba and accumulating – each power is also always with to help. So, today Baba started with powers.

Whatever circumstances are there, there will be the experience of your achievements – you will know at that time how much you have received. But, where there are achievements, there will also be challenges. Just stay very focused. Whatever comes on this spiritual journey...I have to just continue, move forward – progress. Stay consistent in churning and practicing Godly Versions. Constantly keep moving forward. It's very, very important.

There is also the aim that I have to become complete and perfect. You will feel that that these challenges are helping you to move forward. They are not obstacles. Achievements and challenges are both there to help you, not to stop you.

On this spiritual journey, Baba's love and power are always with you – and also your own powers are always with you.

There are many, many souls who have played a part in the *Yagya*, and then left. Now, they are somewhere playing their part, but they always remain connected.

Since the last few days, I was suddenly feeling the presence of Uncle and Auntie (Sr Gayatri's and Sr Savi's lokik parents who were instrumental in starting service in this region. Then Gayatribhen called and shared that today is day of remembering Uncle, especially as Bhog is being offered. So today we offered Bhog for him also – and all the many other special requests.

Wherever these souls are, even if playing a different part their connection with Baba, the *Yagya*, and the Family are always there – however subtle.

Baba offered Bhog to Uncle, and shared love-filled remembrances with everyone.

Om shanti.
