Om shanti.

In Baba's Remembrance, as I was in front of Baba on Satguruwar...I brought the love and remembrance from all of you to Baba. And Baba was smiling. He was giving drishti to all of us with so much love. And we, with so much love, were returning that drishti. It was an exchange of love through drishti. So many experiences in those moments.

I told Baba I had brought Bhog from Avyakti Parivar, and many others also had offered Bhog. Baba accepted with so much love, giving drishti. Baba looked at all of us and asked: **How many of you understand just by catching the signals?** I told Baba sometimes we understand.

Baba said: You listen to the Murli, but Baba gives signal to each and every child. Some direction. Those who understand that catch the signals. They will be able to do the right thing at the right time. Those who don't understand will be late. Baba is giving signals. Time is also giving signals. Catch these signals.

You all know Baba's signal – what Baba wants. Baba's hope is that all the children become equal to the Father. There are also signals of time, and from Drama. When you see the situations outside – you recognize that the world is falling apart. Outside is destruction – but you do construction.

So, according to this present time, **don't go into the expansion.** No expansion. No unnecessary or waste thoughts. No expansion of facilities or thoughts. **Just stay in essence. Pack up everything. Then you will be able to catch the signals so easily.** At the right time, the right action will happen. **That is signal of time: come into essence.**

What service is still remaining? Every child, with every thought, should give peace, love, bliss. That is what you have to radiate through every thoughts. Just keep radiating that through your mind and heart. There are so many souls who are sad, upset, in distress. Just share your vibrations with them.

When you create a thought, the outside situations are not going to stop – but the power you radiate will reach souls. They will receive the courage, the strength, and peace. Every thought should be for service. Every second. Every moment is your treasure.

Drama is your friend. **Drama is giving you the opportunity to create your fortune.** So those who catch the signals accurately will take that opportunity. How you catch Baba's Signals, and all the opportunities that come your way – this is how you create your fortune at this time. The opportunity of Drama is coming to you at this time.

Baba gave love, remembrance to everyone – especially those who offered Bhog.

Om Shanti.
